Dear Joe:

I asked Abe to ask you to arrange to have some pictures made of the following men, but for fear he might have over-looked it I am writing you direct. If you have a newspaper man you are working with down in Richmond he would probably be glad to pick up the change on the side, otherwise, please hire the best man you can find and have an action picture made, if possible, of Harvey, Newcombe, Williams, Wynn and Watkins. It is very important that I get them as soon as possible.

I am trying to get the Grays to come to Richmond with us June 15th, when we can have the League park. Abe said he was going to arrange to play in the City Stadium May 10th with the Cubans and May 17th with the Elites. Did he discuss it with you.

Will appreciate you taking care of the pictures for me.

Yours very truly,
